About This Game

DiamondFalls like tetris-match-3 type puzzle game designed for puzzle fans. The goal of the game is to solve the puzzle in such a way that there should be a possibility to collect all same colored diamonds and balls in the certain order on the level. The puzzle consists of many interacting objects, which can change their state depending on some influence or different game situation. Diamonds, balls, stones and bombs fall down under gravitation influence and time for all these operations is limited. Enthralling and advanced logic levels, elaborated interface and various visual and sound effects will bring you a lot of pleasure!
